

### **Recommendation Letter**

I am writing in support of Mr. Rafael Alves Sá and his desire to attend your MsC. program. Mr. Rafael Alves Sá is well-suited for the program of his choice and I highly recommend that he be given the opportunity to attend your university.

As assistant professor of Computer Science at University of Lisbon, I work with many students who show great interest and knowledge at programming. Mr. Rafael Sá has consistently shown such a strong desire to learn that I could not turn down his request for recommendation. I met Mr. Rafael Sá in my Principles of Programming course during the third semester. This course focuses on several important programming concepts and uses a functional programming language, Haskell. Compared to the class average of 13.2/20, Mr. Rafael Sá earned a 16/20 in the class. Mr. Rafael Sá was evaluated on exam and a programming project, in which he performed quite well.

I'm sure Mr. Rafael Sá will prove himself during your MsC. program. It is my hope that you will accept his admission to your university. Feel free to contact me if you require further information.

Sincerely,

João Pedro Guerreiro Neto  
Assistant Professor  
Faculty of Sciences, University of Lisbon
